

Create an Unbreakable Bond Between HR and Finance

ADP and SAP Concur solutions can help facilitate collaboration and brighten your business future

The long-standing partnership between ADP and SAP Concur offers your company a valuable opportunity to usher in a brand-new age of prosperity.

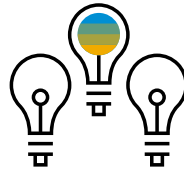

For over 20 years, the two world-class, market-leading human capital management and spend management organizations have delivered solutions designed to help businesses:

Improve visibility

Many companies struggle to get a complete view of critical employee and financial data. With ADP and SAP Concur solutions, you can gain the real-time insight you need to:

- Control employee spend and other exorbitant business costs
- Enhance budgeting and forecasting to make more strategic financial decisions
- Uncover and seize new business opportunities that boost your bottom line

Increase productivity

Too often, employees get bogged down in manual processes that prevent them from performing at their peaks. ADP and SAP Concur solutions allow you to automate processes so you can:

- Eliminate errors and improve employee efficiency by reducing data-entry burdens
- Create more fulfilling and rewarding workplace experiences that motivate staff and optimize performance
- Free up workers to lend their talents to strategic, revenue-generating activities

Ignite growth

Circumstances can change in an instant. For companies to meet and exceed their revenue and growth goals, they need better flexibility. ADP and SAP Concur offer scalable solutions that empower your business to:

- Mitigate risks and drive cost-effective development
- Attract and retain top talent that can take your company to the next level
- Align your financial strategies with your overall objectives to fuel your organization's rise

Improve visibility

30% of finance managers crave more visibility into their expenses and expense projections.

Getting Better Mileage Out of Your Travel, Expense, And Invoice Solutions, Forrester Consulting, 2018

Increase productivity

50% of work activities employees currently perform manually can be automated.

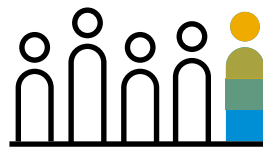

A Future That Works: Automation, Employment, and Productivity, McKinsey&Company, 2017

Ignite growth

41% of finance and HR leaders who collaborate have experienced a 10% EBITDA growth.

Partnering for Performance – Part 2: The CFO and HR, EY, 2014

As leaders in our fields, ADP and SAP Concur have proven to be strategic partners that businesses can depend upon and trust.

1 in 5 employees are paid through ADP payroll services.

\$84 out of every \$100 of Fortune 500 companies' T&E spend are managed using SAP Concur solutions.
