

Reservations from across every booking channel now come into one system—yours.

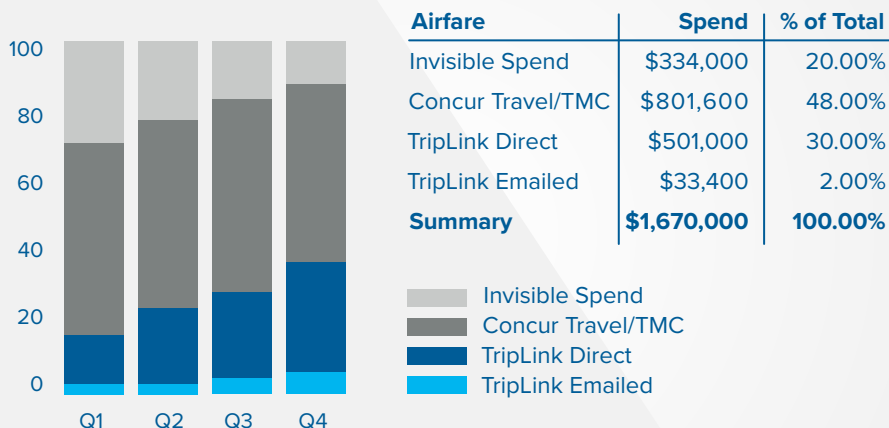

So it's easier to manage every trip.

TripLink captures reservations—no matter where your travelers go or how they book their trips—and brings them into Concur.

With TripLink, you know where your people are, what they're spending, and how to manage your travel spend.

Invisible Spend Trend Analysis

Drive savings into your T&E budget.

TripLink captures itineraries across every channel, so you can see the approximate 20 percent of spend and buying behavior that occurs outside the corporate booking tool to better negotiate your supplier discounts.

Support your duty of care obligation—Know the location of your travelers in emergencies, regardless of how or where they booked.

Get your negotiated rates—When travelers book on a TripLink supplier's website, they'll see and save with your negotiated rates.

Negotiate better deals—Because you can see every dollar spent at every vendor, you can leverage all your spend to get the best deals possible.

Apply and enforce travel policy before the trip—See bookings no matter where they were booked, and keep travelers in policy before they go.

Improve traveler satisfaction and productivity—Travelers can manage all their travel plans in one place, and with TripLink Pro,² your travelers will be better positioned to experience the perfect trip, every time.

About Concur

Concur, a part of SAP, imagines the way the world should work, offering cloud-based services that make it simple to manage travel and expenses. By connecting data, applications and people, Concur delivers an effortless experience and total transparency into spending wherever and whenever it happens. Concur services adapt to individual employee preferences and scale to meet the needs of companies from small to large, so they can focus on what matters most.
