SAP Concur

Data Delivery Service Brochure | PUBLIC

Realize the full value of SAP Concur data for a complete range of use cases to be able to make business decisions faster, with maximum flexibility.

THE BEST RUN SAP

Data Delivery Service:
Customers are now able to get a comprehensive picture of their Spend, by combining their Concur data with the rest of their company data. This allows them improved insights, and to make more informed, more efficient decisions, quicker.

- Data Delivery Service empowers customers and partners to address a full range of use cases and make decisions in less time and with fewer constraints when a steady stream of Concur data flows into their systems.
- Build and discover new analytics and insights with data that is frequently updated.
- Maximize analysis with raw data describing users' travel* and expenses. Use data to optimize Concur solutions and business processes with the full scale of transactional data available.
- Data can be combined with existing company data in an ERP or Data Warehouse to get a comprehensive picture of spend.
- By using the BI tools that are already part of your company's landscape, you can build further efficiencies, and significantly decrease time to value.

2x
Companies with good data analytics capabilities are twice as likely to be in the top quartile of performance within their industries

80%
of companies with mature data practices can get answers to data-related questions within minutes to hours, while for less mature companies, it takes days to weeks.

2.5x
Companies that have adopted mature data practices achieve 2.5x better business outcomes across the board.

70%
Data-driven firms made up seven of the Global top 10 firms by stock market capitalization.

A SINGLE SOURCE

Use a single solution to access all your data. Access all your expense, invoice, travel and credit card data in one place, and receive instant access to the meaningful data you need to act on.

Use your data to create, adjust and enforce your policies. Visibility into unique spending patterns and buying behaviors help you maintain a successful compliance program.

SEE THE ENTIRE PICTURE

Increased visibility into expense and invoice data, and travel booking allows you to monitor, and control spend before it hits your budget and allows you to negotiate with vendors to cut costs.

Control your spend by combining with existing data from your ERP and other systems to see a comprehensive picture of spend.

Get **detailed insight into your payment process** so you can address key issues as they arise, reduce reimbursement times, and even manage tax requirements.

YOUR DATA, YOUR WAY

Not a Data Scientist? Not a Problem! Your data is delivered as self-describing objects (Information describing the data contents of the file are.embedded within the data file itself) that are easy to understand and connect. **All the data modelling is already done!**

Get budget-saving perspectives through **new insights and analysis**.

Stay up to date. Because data is refreshed multiple times per day concerns about **using stale data are eliminated.**

ONE CONNECTED SOLUTION

Set it and forget it. Once Data Delivery Service is set up, it provides customers with an automated stream of data into their systems Data Delivery Service clients will save time. No more manual downloads. Users will simply start their BI tools with connected, refreshed data.

Improve data consumption while reducing data overhead.

Automatically ingest transactions into relevant systems.

* Travel, Travel Allowance, Invoice & Request data on Roadmap for future releases

ABOUT SAP CONCUR

SAP Concur is the world's leading provider of integrated travel, expense, and invoice management solutions, driven by a relentless pursuit to simplify and automate these everyday processes. With SAP Concur solutions, a top-rated app guides employees through every trip, charges are effortlessly populated into expense reports, and invoice approvals are automated. By integrating near-real-time data and using AI to audit transactions, businesses can see exactly what they're spending without worrying about blind spots in the budget. SAP Concur solutions eliminate yesterday's tedious tasks, makes today's work easier, and help businesses run at their best every day. Learn more at concur.com or the SAP Concur blog
